

E-FLEX - EASY FLEXITANK

No Bulkhead... No Sidewall Pressure...

- ❖ The first multilayer flexitank that does not require bulkheads or special fitting requirements
- ❖ Exerts no pressure to the sides of the container
- ❖ Remove the cost of the bulkhead
- ❖ Save time and labor cost, simple fitting procedure - can be fitted by one person in 2 minutes
- ❖ No more trouble with containers as no pressure is exerted to the sides of the container
- ❖ The unique patented “bonnet” design to prevent spillage and maintain cleanliness around the valve area
- ❖ Available in sizes from 15.000 to 24.000 litres
- ❖ Suitable for the same range of products that can be transported with the standard flexitank
- ❖ Environment friendly
